Writing

What does it mean to be a patriot? Patriotism is a love to your country. If you are full of patriotism you're full of love for your country.

There are a lot of ways to show your patriotism: waving the flag of your country, playing patriotic songs and making speeches full of national pride. Patriots remain loyal to their country as a whole regardless of government affairs.

There are a lot of examples of patriots in history. For example, Peter "The Great". He took many actions as being the absolute ruler of Russia. He was full of love to his country and he wants to make it more western. Some of Peter's reforms (st) are still used in modern Russia till now.

In concluding, I want to say that it is a positive thing that patriotism is propagated since childhood, because children are the future of every country and if they will love this country they would strive to improve it further.
